Hints:

The test results refer exclusively to the samples specified. A reproduction in excerpts of the test report must not be made without the written consent of the test laboratory. Samples will be stored according to QMV 5.8 for max. 6 months (for exceptions and specific storage times see QMV 5.8). An index number of the test report for the year code (e.g. /13) is a new version of the test report. In this case, this report replaces the report with the index decreased by 1 or the test report without indexing.
